

LEGIONELLA-X

ANTI-BACTERIAL
AIR FRESHENER &
DISINFECTANT

NATO STOCK NUMBER 6840-32-077-5319

FRESH MINT FRAGRANCE

ANTI-BACTERIAL AIR FRESHENER & DISINFECTANT

DESCRIPTION

Legionella-X anti-bacterial air freshener deodorises, refreshes and disinfects your living environment, particularly air-conditioned places. It is also used to clean and disinfect air-conditioning units and prevents build-up of algae in the air-conditioning drainage, which is the main cause of choke and leakage. Its powerful anti-bacterial formula kills 99.9999% of bacteria and viruses found in the air-conditioning units such as: harmful Legionella bacteria that causes the common cold. It also kills other bacteria such as escherichia coli, salmonella typhimurium, staphylococcus aureus and streptococcus faecalis, bacteria which causes skin infection and food poisoning.
