500 ml

WATERLESS HAND CLEANSER & DISINFECTANT

Contains 70% Alcohol

DESCRIPTION

Viral-Off is a handy waterless anti-bacterial hand disinfectant and cleanser spray to keep hands clean and germ-free. It kills 99.9999% of bacteria and viruses with one spray. It contains twin-chain quaternary ammonium compound, ethyl alcohol/Isopropyl alcohol and essential oil. It is fast-drying, has no sticky after-feel and is gentle on the skin.

AREAS OF USE

- Use Viral-Off on hands.
- Disinfects hands anywhere and anytime without soap and water.

DIRECTIONS FOR USE

Hold the can upright about 5 cm from hand and spray Viral-Off directly onto hands. Rub all over the hands and fingers until the solution evaporates.

TEST REPORTS

Legionella-X Viral-Off passed the Modified Kelsey Sykes Capacity Test Option For Hospital Grade Disinfectant SGH Lab Test Report No : C302/03 and is both ozone and environmental friendly.
