

# VIRAL-RUB

WATERLESS  
HAND GEL &  
DISINFECTANT

NATO STOCK NUMBER 6840-32-077-5680

250 ml hand pump bottle

## FRUITY MINT FRAGRANCE WATERLESS HAND GEL & DISINFECTANT

### DESCRIPTION

Viral-Rub waterless anti-bacterial rub off hand sanitizer kills 99.9999% of germs that come into contact with it. It is a powerful hardworking hand gel sanitizer that continues to disinfect for some time after application. Cleans right into the pores, removing dirt and bacteria. Leaves hands feeling clean, smooth and fresh with no sticky after-feel.

### AREAS OF USE

- Use Viral-Rub on hands.
- Disinfects hands anywhere and anytime without soap and water.

### DIRECTIONS FOR USE

- Hold the can upright about 1cm from hand and pump Viral-Rub directly onto hands. Rub all over the hands and fingers until the gel precipitates. Rub further to remove all residue of dirt and bacteria.
- As a protective glove, spread gel all over hands and allow to dry without rubbing. Gel will dry, harden and protect. It forms a thin shiny protective layer of an invisible glove, protecting your hands from all germs

### AVAILABLE PACKAGING
